NURSING AND REHABILITATION CENTER  
*An Allure Facility*

To Our Families & Friends,

On February 23, 2021, Governor Cuomo and the Department of Health released updated guidance on the existing Nursing Home visitor policy. We, like you, are excited to bring you back together with your loved ones.

The key to beating this virus is to continue following and implementing the infection control and safety measures that the CDC, CMS, and DOH have outlined. That includes this most recent update on visitation. While you have been more than accommodating and understanding throughout this pandemic, we ask for your continued patience while we ensure our facility has met the specific criteria set forth to safely welcome you back. Part of that criteria is remaining COVID free for residents and staff for 14 consecutive days, a threshold set by the New York State Department of Health. We will be sure to notify you as soon as we are cleared for visitors as well as what the formal process for visitation will look like. Please continue to follow us on our website for any updates.

We have all come so far in this battle and we thank you for your unwavering support of our staff and above all, our residents.

Thank you,

Miriam Schenker  
Administrator

*Hamilton Park Nursing  
& Rehabilitation Center*

## COVID-19 VISITATION POCKET FACT SHEET

- ❖ Visitation is limited to no more than 20% of the residents (current census) at any one time and only two (2) visitors will be allowed per resident at any one time.
- ❖ Visitation hours are from (10:00 am) to (4:30pm) Monday to Friday by appointment only
- ❖ Visitors under age 18 must be accompanied by an adult 18 years of age and older
- ❖ COVID-19 positive residents and resident's with signs or symptoms, and residents in a 14-day quarantine or observation period are not eligible for visits
- ❖ Visitors must present a verified negative test result within the last week (7 days)
- ❖ Visitor(s) shall arrive 15 minutes prior to scheduled visitation time for screening. Visitation time will not be extended beyond the scheduled time due to late arrival.
- ❖ Visitors are screened for signs and symptoms prior to resident access
- ❖ Visitation will be refused if visitor(s) fails to provide the proof of negative test result, exhibits any symptoms of illness or do not pass the screening questions, as well as in case of refusal to follow the screening protocol
- ❖ Visitor(s) will be provided with a face mask and must properly cover both the nose and mouth during visitation
- ❖ Visitor(s) must comply with hand hygiene. Facility will provide alcohol-based hand rub, consisting of at least 60% alcohol before and after the visitation and as needed
- ❖ The staff to monitor visitation process. If any visitor fails to adhere to the protocol, he/she/they will be prohibited from visiting for the duration of the pandemic state declared public health emergency
